

# PACIFIC MARINE MAMMAL CENTER

## Field Trip Bus Parking and Directions

ADDRESS: 20612 Laguna Canyon Rd, Laguna Beach, CA 92651

Pacific Marine Mammal Center has very limited parking inside the gravel lot. We ask that bus drivers be notified that **under no** circumstances may the bus enter the gravel lot, but that they should park along the shoulder of the 133. For more parking options see the last 2 pages. *The best route for the driver to take, if possible, is east bound down the 133.*

### Traveling East Bound (away from coast) :

The easiest way to park in front of our center is along the metered parking area. This is before the center on the right hand side of the road.

If traveling east bound, bus drivers can also park in the open patch on the right hand side of the road, past the gravel parking lot and telephone pole. In the photo below you can see the parking areas highlighted in yellow. Please do not park in front of the gravel lot, as the bus blocks car's view while exiting the lot.

## Field Trip Bus Parking and Directions

### Traveling West Bound (towards coast):

If your bus is coming down the west bound side of the canyon (towards the coast) we highly suggest that the bus driver goes down to the Sawdust Festival Parking lot to turn around. You can do this by turning left onto Laguna Canyon Frontage road, drive to the end of their parking lot and make a left onto Woodland Drive. Finally, make a right on to the 133. This will set the bus east bound so that they are able to park in the designated areas closest to the center, which you can see in the first photo above.
